

Dr. Tanmay Juvekar

BDS, MDS

(Oral Medicine & Radiology) Consultant Oral Physician, Certified TMJ & Orofacial Pain Specialist, and Academician

Welcome to Juvekar's Dental Clinic. I am Dr. Tanmay Juvekar, and my mission is to deliver dental care that seamlessly bridges advanced, research-backed science with authentic patient empathy. I believe a visit to the dentist should not be intimidating or clinical—it should be a reassuring step toward your overall wellness. As both a practicing clinician and an active academician, I split my time between treating complex patient cases and training the next generation of dental professionals. This dual role keeps me at the absolute forefront of modern dental research, emerging technologies, and minimally invasive clinical techniques, ensuring you always receive cutting-edge care.

Academic Excellence & Credentials

Master of Dental Surgery (MDS) Graduated in 2018 from the prestigious SDM College of Dental Sciences and Hospital (Dharwad, Karnataka)—widely recognized as one of India's premier apex institutes for dental education and clinical training.

Bachelor of Dental Surgery (BDS) Completed in 2013 from Dr. G D Pol's Foundation YMT Dental College (Navi Mumbai).

Specialized Certification

Advanced training and certification in TMJ Disorders and Orofacial Pain

Management, equipping me to diagnose and treat complex cases that go far beyond routine tooth decay.

Current Academic Appointment

Assistant Professor | Terna Dental College (Nerul, Navi Mumbai)

Consistently contributing to academic journals and mentoring undergraduate and postgraduate students. This academic foundation ensures that every diagnosis made at Juvekar's Dental Clinic is rooted in rigorous scientific evidence and international clinical protocols.

Areas of Clinical Specialization

With over 13+ years of clinical experience, my practice offers a holistic spectrum of dental care, with advanced expertise in:

- TMJ & Chronic Facial Pain: Definitive diagnosis and non-surgical relief for jaw clicking, locked jaws, headaches, and complex neuralgias.
- Advanced Oral Medicine: Early screening, diagnostics, and precise management of oral infections and oral cancer.
- Full-Mouth Dental Rehabilitation: Expert planning for high-quality dental implants, crowns, bridges, and pain-free root canal treatments.
- Smile Aesthetics: Custom smile designing and bridal makeovers for naturally beautiful aesthetics.

My Practice Philosophy "Healthy smiles shouldn't be complicated or unaffordable. I treat every patient with a light hand, an open mind, and a gentle approach—treating the individual, not just the tooth." — Dr. Tanmay Juvekar

Juvekar's Dental Clinic, widely recognized as the best dental clinic in Andheri West, Mumbai. Led by Dr. Tanmay Juvekar and a team of highly experienced specialists, our facility uniquely blends elite, evidence-based clinical expertise with stellar academic leadership. Dr. Juvekar completed his BDS in 2013 from Dr. G D Pol's Foundation YMT Dental College (Navi Mumbai) and went on to earn his MDS post-

graduation in 2018 from the prestigious, nationally renowned SDM College of Dental Sciences and Hospital (Dharwad, Karnataka).

Bridging the worlds of a top clinical dentist and an excellent academician, Dr. Juvekar serves as an Assistant Professor at the esteemed Terna Dental College in Nerul, Navi Mumbai. This active involvement in dental research and education ensures that our practice remains at the absolute forefront of advanced medical science.

As a certified and highly trained orofacial pain specialist in Mumbai, Dr. Juvekar focuses on diagnosing the root cause of chronic jaw pain, headaches, and complex TMJ disorders.

With over 13+ years of experience, we proudly stand out as a trusted dental pain treatment clinic and a premier destination for complex orofacial pain management. Backed by robust in-house diagnostics—including our state-of-the-art In-House Dental OPG and portable X-ray technology—we ensure rapid and highly precise treatment planning under one roof. From painless root canal treatments, protective dental caps, and long-lasting dental implants, to advanced orthodontic treatment (including invisible braces/Invisalign) and custom dental smile designing, we cater to all age groups with strict hygienic protocols. At Juvekar's Dental Care, we firmly believe that healthy smiles shouldn't be expensive or complicated. Book a dentist appointment online or visit us at our modern Andheri West facility to experience personalized dental wellness tailored just for you
